Castro Armed Guerrillas Are Hunted

By JORGE JURADO

QUITO, Ecuador (AP) — The army clamped a state of emergency on northcentral Ecuador today and hunted Castro-armed, pro-Communist guerrillas rebelling against the government of President Julio Carlos Arosemena.

Army reinforcements were rushed into the jungle-covered Andean foothills less than 50 miles from this South American mountain capital. Press reports said at least one soldier was killed and several persons were wounded in clashes. The army announced it had captured 30 insurgents.

Government officials refused to disclose details of the operation or comment on unconfirmed reports of similar uprisings in the Quevedo area of west central Ecuador.

The rebels were described as members of the pro-Castro Revolutionary Union of Ecuadorian Youth, some of whom had received military and guerrilla warfare training in Cuba. Informants said the insurgents were armed with Czech-made arms smuggled in from Cuba.

The uprising followed within 48 hours Cuban Prime Minister Fidel Castro's public denunciation of Arosemena for breaking diplomatic relations with Havana. Castro also predicted that Arosemena would be overthrown.

Arosemena reluctantly severed Ecuador's ties with Cuba, Communist Poland and Czechoslovakia last week under pressure of the military. Ecuador's armed forces chiefs also forced Arosemena to reshuffle his Cabinet to exclude leftists and to swing his policies to the right.

Communist agitators have long been active in the hinterlands of Ecuador, a country of 4 million on the northwest coast of South America, with severe economic and political problems.

Communist propaganda flowed into the countryside after reportedly being brought into the country in Cuban diplomatic pouches. Informants said the Czech Embassy bankrolled Ecuador's Communist party. These were some of the reasons the military insisted Arosemena break ties with Cuba, Poland and Czechoslovakia, the informants said.

Construction Workers to Take a Vote

FAYETTEVILLE, Ark. (AP) — The National Labor Relations Board has scheduled an election for April 12 to allow construction workers on two projects here to vote on union affiliation.

In another aspect of the same case, it was disclosed that the Northwest Arkansas Building and Trades Council (AFL-CIO) which seeks to represent the workmen, filed an unfair labor practices charge April 2 against the B. Sweetser Construction Co., general contractor for both projects.

The union charged the company violated the workers rights when it sought and obtained a temporary injunction against picketing and when it pleaded for a continuance of the injunction in the Arkansas Supreme Court.

The continuance was denied and picketing resumed Wednesday after the Supreme Court stayed the injunction.

The representation election was called at the request of the Building Trades Council, which has been picketing the construction sites of a University of Arkansas dormitory and a school.

Nick Centers, union representative, said today he understood that if the unfair practice charge still is pending April 12, the election will be postponed.

The Sweetser company said it had been notified by the National Labor Relations Board regional office in Memphis that representatives of the office had been assigned to investigate the charge.

Weather

Total precipitation in March 2.72 inches; Total 1962 precipitation through March 14.85 inches; during the same period a year ago, 13.91 inches.

Arkansas: Generally fair Saturday and Sunday night. High 58 to 60. Sunday mostly cloudy with widely scattered showers, mainly in western portion.

UNIQUE BRIDGE—What is said to be the only pipeline of its kind in the world soars 60 feet above main line tracks of the Santa Fe near Williams, Ariz. The bridge supports three pipelines of the El Paso Natural Gas Co. Going under the tracks at this point would have required cutting through some 40 feet of volcanic rock to construct a tunnel.

Bids Lower on Print Contracts

LITTLE ROCK (AP)—Carnahan Printing Co. of Eudora submitted an apparent low bid today on two state printing contracts re-advised by Secretary of State Nancy Hall because of a Supreme Court decision.

White County Printing Co. of Judsonia was apparent low on a third contract.

All three contracts were won last July by White County Printing Co., but they were invalidated by the attorney general after the Supreme Court held members of state boards and commissions could not sell printing to the state.

Ralph Van Meter, owner of the Judsonia firm, was a member of the Negro Boys Training School Board. He resigned and re-bid today on all three contracts. The Supreme Court ruling came in a suit filed against Parkin Printing Co. of Little Rock, which last 15 contracts. New bids on these contracts were opened last week, and Parkin regained only five small ones.

F. N. Carnahan, owner of the Eudora firm, resigned from the Boys Training School Board so his firm could bid on the contracts offered today. Value of the three contracts was estimated at \$15,000. Van Meter said they went today for "considerably less" than the amount he bid last July.

Comparative figures were available on only one contract, since only one was bid for a specified cash price. This one went to Carnahan on an offer to provide 2,500 poll books for school elections for each of the next two years for \$90.05 per year. White County's low bid last July was \$150 a year.

The other two contracts were let on bids of so much a page for printing an annual report for the state Pardons and Poles Board, and a catalogue for Arkansas AM&N College.

Faubus Raps Out at Old Enemies

LITTLE ROCK (AP) — Gov. Orval E. Faubus lashed out at old enemies at nearby Sweethome last night.

The governor attacked the press, the United States' foreign aid program, and integration, in a speech to the Fuller High School Booster Club.

Faubus accused some segments of the press of distorting news stories. "Some publishers are not even interested in accurate reporting. The report of a speaker's remark gives a different impression or slant than when it was made," he said.

The governors said that he, too was a member of the fourth estate. He publishes two weekly papers, the Arkansas Statesman and the Madison County Record.

Faubus said the United States collects income taxes to send to South America because South Americans don't collect all of their taxes.

On segregation, the governor said he thought racial separation was worth fighting for. He referred to the 1957 Little Rock integration crisis, and said it was the only time he really became impatient.

"Those in the nation and in Little Rock suggested that I should solve a problem no one had solved anywhere in history," Faubus said.

Baylor Votes Integration

WACO, Tex. (AP) — A Baylor University's Student Congress approved a resolution calling for removal of racial barriers by a 30-5 vote Thursday night.

It urges administrators to integrate classes at the Baptist school, which has more than 5,000 students.

Proponents cited a recent campus straw vote favoring admittance of qualified Negro students and letting them participate in Southwest Conference athletics.

Opponents declared that if Texas Baptists wanted integration, the university already would have desegregated classes.

Ex-Defense Chief Selling Shelters

WASHINGTON (AP) — Sen. Stephen M. Young, D-Ohio, says an Eisenhower administration Civil Defense chief is making money selling fallout shelters to fill a demand he helped create.

Leo A. Hoegh, director of the Office of Civilian and Defense Mobilization under former President Eisenhower, replied that people should take their Civil Defense advice from the President, not "an uninformed senator or other alleged experts."

Young, long a foe of fallout shelters and civil defense spending in general, told the Senate Thursday that Hoegh was "reaping a rich financial harvest" in the shelter business as vice president in charge of sales for Wondert Building Corp. of Chicago.

He said a \$207.6-million appropriation last year to survey fallout shelters in existing buildings was a waste of money. Young said the survey "encouraged all kinds of commercial exploitation by shelter builders, many of them fly-by-night concerns."

Hoegh issued a statement in Chicago saying the President and his military and Civil Defense advisers are the ones who are well-informed on fallout shelters.

Mental Test for Woman Kidnapper

LITTLE ROCK (AP)—U.S. District Judge Gordon Young ordered a psychiatric examination Thursday for Patricia Vivian Cash, charged in the kidnapping of a four-year-old Lonoke boy.

The examination was requested by Mrs. Cash's court-appointed attorneys. The 24-year-old brunette is charged with abducting Gary Miles from a motel near Lonoke Feb. 25.

Mrs. Cash's attorneys waived a grand jury hearing on the kidnapping charge. They refused to waive a grand jury hearing on a companion charge of taking a stolen auto across a state line.

Mrs. Cash has been in jail since she was arrested at Texarkana Feb. 27.

Young said the mental examination would be made at a federal institution in Springfield, Mo.

Kreuter Service at 2:30 Sunday

Funeral services for Mrs. Inez Tyree Kreuter, 58, Atlanta, who died at Atlanta, Ga., will be held at 2:30 p.m. Sunday at First Methodist Church by the Rev. Rufus Sorrells. Burial will be in Snell Cemetery at Emmet.

Jobless Decline in March

WASHINGTON (AP) — Unemployment declined by 161,000 in March to 4,382,000, Secretary of Labor Arthur J. Goldberg said today.

Employment hit a March record of 66,316,000, an increase of 527,000 from February, he said.

The seasonally adjusted unemployment rate declined further to 6.5 per cent of the work force compared with 6.6 per cent in February.

Goldberg gave the figures at the opening session of a two-day conference for editors and reporters in the economic and labor relations field.

Republican congressmen scheduled a counterbriefing later on the same subject.

Goldberg said the March job count reflects a continuing favorable trend but one in which "we still cannot be wholly satisfied with our unemployment situation."

State College Tuition From \$50 to \$100

LITTLE ROCK (AP) — Tuition charged resident students in Arkansas colleges ranges from \$50 to \$100 a semester, a legislative council report showed today.

The report said tuition for out-of-state student range from \$50 to \$235 a semester.

By comparison, resident tuition at colleges in neighboring states ranges from a low of \$20 a semester in Louisiana to a high of \$130 in Mississippi.

While Louisiana has the lowest tuition for residents, it has the highest for non-residents — \$336, the report showed.

Low non-resident tuition outside of Arkansas is the \$110 a semester charged by Kentucky.

The report was prepared by the council's research staff at the request of state Rep. L. H. Audrey of Mississippi County, who asked for a study of comparative tuitions in Arkansas and neighboring states.

The report shows that four Arkansas institutions — Arkansas State Teachers, Henderson, Southern State and the Beebe Branch of Arkansas State College — charged out-of-state students the same tuition Arkansas residents pay.

Beebe showed the lowest Arkansas tuition, the \$50 a semester, but this will be raised to \$60 in September. The \$100 high is charged by the University of Arkansas, which also collects the \$235 non-resident high.

Arkansas tuition rates are set by boards of the various institutions, the report said.

No Talks About Program Swap

WASHINGTON (AP) — The White House and the Kremlin have not renewed discussions on an exchange of taped television broadcasts by President Kennedy and Soviet Premier Khrushchev.

In disclosing this Thursday, White House Press Secretary Pierre Salinger said his own trip to Russia was still the docket. Details had not yet been worked out.

A television program with the time divided between Kennedy and Khrushchev was under consideration by the United States and the Soviet Union at one point. It was to be shown in both nations.

No Jury for Trial; Case Is Dismissed

By BOB HORTON

SNEEDVILLE, Tenn. (AP) — The preacher said he had to preach a funeral. Teachers said they had to teach. But most said flatly they were prejudiced.

So, unable to seat a jury after five days, Circuit Court Judge Wayne Oliver dismissed murder charges Friday against two men accused in the slaying of two deputy sheriffs.

Lawyers believed it a precedent in state legal history and perhaps in the nation.

Only two jurors had been selected from 1,400 citizens—practically every adult in this small mountain village—for the trial of Carl Myers, 39, and James Horton, 19.

State troopers had been ordered onto the streets to find prospective jurors. Twenty-seven jury men were fined up to \$25 for failing to answer court summons.

"It is a sad, deplorable, regrettable, terrible fact that a jury cannot be had in this county," Oliver said in dismissing the charges. "The community is at a standstill so far as these cases are concerned."

The defendants refused to consent to moving the trial to another county. Under state law they have the right to be tried in the county where the offense was committed.

Myers and Horton were accused of killing deputies Lon Tyler and Alex Morris in a gunbattle last April. They also were charged with felonious assault on a sheriff.

In an earlier trial for the pair last fall, a jury tried to retract its verdict after returning a decision against Myers and Horton and acquitting four other defendants originally charged in the case.

A mistrial resulted, and the State Supreme Court later upheld the trial judge in saying the verdict could not be withdrawn. The acquittal of the four stood, but new trials ordered for Myers and Horton.

Two Officers Are Fired at Hot Springs

HOT SPRINGS, Ark. (AP) — Two policemen were fired by the Hot Springs Civil Service Commission Wednesday night as an outgrowth of an investigation into a complaint over a robbery.

The policemen are Sgt. Vernon Brewster and Patrolman Bobby Digby. Carl Johnson, commission secretary, said Brewster was dismissed for conduct unbecoming an officer and Digby for violation of probation.

Johnson said the dismissals followed an investigation into a complaint by Joe T. Fowler of Corinth, Miss., after, he said, he had been slugged and robbed of between \$800 and \$900 and a diamond ring last March 6.

Police Chief Milton Sanders was told by the commission to prepare a full report into the investigation of the incident for submission to the commission next Tuesday.

Circuit Judge P. E. Dohls said, if necessary, he would call a grand jury investigation of the entire police department.

Digby was specifically charged by the commission of violating department rules by failing to keep his commanding officer advised and by making a false, inaccurate report of the investigation.

Prosecuting Attorney David B. Whittington said Fowler had told him that he and Brewster had spent the evening together before the robbery and Brewster, off duty at the time, was with him when he was attacked and robbed. Fowler was quoted as saying Brewster called police.

Digby was placed on probation last Dec. 18 for six months as an outgrowth into a liquor store robbery last Oct. 26.

Brewster and Digby have 10 days to ask for a rehearing or appeal the commission's action to circuit court.

Brewster said he had not known of the allegations until he was handed the commission order. Digby could not be reached for comment.

Big Belt

Toledo, Ohio, has an 8-foot main coal conveyor belt system which is capable of handling 6,000 tons of coal in an hour from railroad cars into lake vessels.

SW Bell Telephone Co. Is Big Business in Hope — Payroll Over \$100,000

By MARY ANITA LASETER

With an annual payroll of over \$100,000, the Southwestern Bell Telephone Company of Hope is of financial importance to its 57 employees in our town. Because of its indispensable assistance, the functioning of big business, police and fire departments, teevee and radio programs, as well as modern, every day civilization is carried on.

Long distance calls have more than tripled at this office in the last five years. With the miracle of the dial system, a person can now call directly to many parts of the world. The latest foreign country we in Hope can dial is Bermuda. This has been possible only since March 4. Placing long distance calls by number greatly speeds the calls.

Even faster service is possible when the area code number is used. In Hope our Arkansas area code number is 501. To call Long Distance, dial "Operator" and give her the information about your call in this order: (1) Area Code for the town you are calling (2) Telephone Number (3) The person you are calling (if it is a person-to-person call); (4) Wait. Do not give the operator your number, until she asks for it. If you use these four steps properly, it will speed your call.

If "neither rain, nor snow etc." can stop the postmen, the same is also true of our telephone service. In fact, it is in bad weather that these service men are called upon the most by the public. Who are the men who install and repair local phones and lines? Dale Goodner, T. B. "Skeeter" Fenwick, Jr., Sam Cox and Robert Mitchell, Gordon Tyler is the local plant engineer.

The construction foreman is Woodrow Parsons. Those building new lines are D. J. Goodner, Denny Ross, A. W. "Buddy" McIver Jr., Jim Simpkins and Billy Don Lloyd. Wilson Britt splices cables. Work is almost completed on a job that required new cable out South Main Street and Highway 29 South, because of the growth is that part of the city. Future work is planned to add more equipment in the central office building to insure better telephone service and to avoid the "crosses lines" which sometimes occur now.

After this work is completed, you will have a recorded announcement answer you, if you dial a non-working number or one that has been disconnected. If you dial a number that has been changed, the operator will still answer you. New equipment will also provide better and faster long distance service.

For newspapers and news agencies the telephone is absolutely vital. Also, the telephone carries the programs of TV and radio networks from city to city, as well as making possible broadcasts by remote amplifier, such as "Between Us Girls" on KXAR.

No wonder this reporter holds the telephone in such high regard, when it doubles as a source for gathering news and a means for dispensing it!

Sees Increase in College Enrollment

LITTLE ROCK (AP)—Dr. Carl Reng, president of Arkansas State College, predicted Thursday that next year's enrollment in Arkansas colleges will exceed the figure once projected for 1965.

Reng said enrollment now totals 20,400 and the projected 1965 total of 22,500 probably will be reached this fall.

This student population explosion, Reng said, has cramped college budgets, even though state appropriations have been increased during the past few years. Despite an increased total appropriation, he said, Arkansas State now is receiving about \$118 per student less than they did in 1951.

Other colleges and the University of Arkansas face similar financial problems, he added.

Reng said Arkansas spends 1.3 per cent of its per capita income for higher education. While this is the highest percentage in the nation, he added, the state still ranks at the bottom in amount of total funds spent for this purpose. The fund shortage has created many problems, he said, including difficulties in financing needed construction and in hiring top-quality professors.

Perry Purtle

REV. PERRY PURTLE OF Morrilton, will be the evangelist during revival services at the Unit Baptist Church the week of April 8 - 15. Bro. Purtle is the son of Mr. and Mrs. Ted Purtle of Hope. He is a graduate of Hope High School and of Ouachita Baptist College, and is now pastoring the Calvary Baptist Church in Morrilton.

Bro. Purtle will be with Unit Baptist Church Sunday morning and through next Saturday evening. Services are each evening at 7:30.

Will Try to Amend the Constitution

NEW ORLEANS (AP) — Rep. Hale Boggs, the Democratic party's No. 3 man in the U.S. House of Representatives, says he will press for congressional approval of a constitutional amendment or press for congressional approval of a constitutional amendment returning control of school problems to the states.

The majority party whip said Thursday the amendment "is the real answer to the whole problem" of public school integration in New Orleans, which he represents.

Boggs' statement came two days after U.S. Dist. Judge J. Skelly Wright speeded up desegregation in the city's public schools. Two years ago, the federal judge—who moves up to the appellate court for the District of Columbia next week—ordered Negroes admitted to first-grade classes. His ruling Tuesday directed the Orleans parish (county) school board to completely desegregate the first six grades next fall.

Boggs, who ranks only behind Speaker John McCormack of Massachusetts and Majority Leader Carl Albert of Oklahoma in the Democratic Party hierarchy in the House, called Wright's ruling "surprising and distressing. The district court should be overruled."

Meanwhile, Mrs. B. J. Gaillot, the Scripture-quoting segregationist, waited for Roman Catholic archbishop Joseph Francis Rummel to set the date for her audience on the racial issue. Mrs. Gaillot said she received a letter from Rummel last week threatening her with excommunication following her protest of the prelate's decision to completely desegregate parochial schools in the archdiocese.

Brothers Cited on Tax Charges

LITTLE ROCK (AP) — Two Stuttgart brothers were cited in federal District Court here Thursday for failing to file income tax returns.

Judge Gordon E. Young fined Harrison Watkins \$1,000 and Ralph Watkins \$2,500. He also gave both one-year suspended sentences and placed them on probation for two years.

The Internal Revenue Service found that Harrison Watkins owed tax returns for 13 years, 1947 through 1959 and that Ralph Watkins owed returns for the seven years prior to 1959.

The IRS said the violations were uncovered during the investigation of the tax returns of Alfred L. Hildebrand, 55, also of Stuttgart. Hildebrand, a brother-in-law of the Watkins, was fined \$10,000 on March 26 for failure to file returns. He was given a two-year suspended sentence by

Release of 7 Skin Divers Sought by U.S.

By LARRY OSIUS

WASHINGTON (AP) — The State Department says it is working through the Swiss government to obtain release of seven U.S. skindivers arrested in Cuba.

Secretary of State Dean Rusk said Friday night he anticipated no difficulty in gaining freedom for the men, believed to be the same ones for whom the U.S. Coast Guard has been searching. Rusk said the men were innocent adventurers en route to Jamaica to explore for sunken treasure.

Havana radio, describing the seven as "so-called frogmen," said they were arrested Thursday of the north coast of Oriente Province. Later, a semi-official Havana television commentator, Marion Kuchian, called the seven invaders, hinting that they might face serious charges in Cuba.

The Coast Guard had been searching since Wednesday for a boat carrying seven skindivers. Coast Guard officials called off the search pending further developments, although the Cuban broadcasts had not identified the men by name.

Relatives of the missing men speculated they might have drifted into Cuban waters while searching for sunken ships and undersea treasure. Their boat left Pompano Beach, Fla., last Saturday and was due in Jamaica Tuesday.

State Department officials said Swiss officials were being asked to check on the captives and obtain their release. Switzerland has handled U.S. affairs in Cuba since the United States broke relations with Cuba.

The seven men sought by the Coast Guard and believed to be the ones held in Cuba, were identified in Miami as:

Gordon S. Patton, 62, Ocean City, Md., charter boat and maritime museum operator; Fred Dickson Jr., 32, formerly of Ocean City, Md., assistant cruise director; Mike Freeman, 37, Washington, D.C., underwater photographer; John Sterry, 28, Brewster, N.Y.; John E. Johnson, 21, and Joe Campbell, 20, Washington, D.C., and Bernie Nistad, Brooklyn, N.Y.

Friends and relatives of the men said they were carrying exploring gear, including a two-man submarine, cameras, and skindiving equipment, as well as a pistol, a rifle and some dynamite for blasting away coral that might have formed on sunken wrecks.

Harassment Flights Halt for a Week

BERLIN (AP) — The Soviets have flown no harassment flights in the air corridors to West Berlin for a week, raising cautious speculation that Moscow for the time being has called off its campaign of irritation on the West's access routes to the city.

The Russians last scheduled flights through the corridors on March 30. They then advised the Berlin Air Safety Center they would send eight transports on night flights at times when Western commercial aircraft were using the corridors.

These flights were canceled and none have been scheduled since. Patrolling Soviet MIG fighters have been spotted by crews and passengers of Western airliners, but that is not unusual.

Western officials could not say the Soviets have stopped their harassment permanently. Irritant tactics on the access routes—air, road and rail—are turned on and off without warning. But in Western circles there was speculation that the Russians might be holding off to see how the next round of U.S.-Soviet talks on the future of West Berlin and Germany go.

Japan, in 1961, replaced the United Kingdom as No. 1 market for U. S. agricultural products according to the Encyclopedia Britannica.

SOCIETY

Phone 7-3431 Between 8 A. M. and 4 P. M.

Calendar

Monday, April 9
Womans Security of Christian Service of first Methodist Church will meet Monday, April 9 at 2 p.m. at the church. The nursery will be open.

The Ann Wollerman Circle of the First Baptist Church will meet Monday, April 9 at 7:30 p.m. in the home of Mrs. Charles Reymers.

Tuesday, April 10
Chapter AE, PEO, will meet Tuesday, April 10 at 3 p.m. in the home of Miss Mable Ethridge and Mrs. W. Y. Foster for a business meeting.

Chapter AE of PEO will have a B.L.L. Party at 8 p.m. Tuesday, April 10 in the home of Mrs. E. P. O'Neal with Mrs. F. C. Crow, co-hostess. Mrs. Rufus Sorrells will have charge of the entertainment.

The Ruth and Builders Bible Class of the First Baptist Church will have a covered dish supper, Tuesday, April 10 at 7 in the educational building. All members and associate members are invited. Hostesses are Mrs. R. M. Jones, Mrs. Noah Hobbs and Mrs. Ray Allen.

Wednesday, April 11
The John Cain Chapter of the DAR will meet Wednesday, April 11 at the Diamond for its regular monthly luncheon meeting at 12 noon. Color slides of the National Society Museum will be shown with commentary by Mrs. Otis Blackwood. Hostess will be Mrs. John Keck, Mrs. Kelly Bryant, Mrs. James Martindale and Mrs. Blackwood.

Ozarks to Lose Accreditation

CLARKSVILLE, Ark. (AP)—The president of College of the Ozarks said Thursday night the Presbyterian school will lose its accreditation by the North Central Association of Colleges and Secondary Schools July 1.

Dr. William S. Findley, in announcing the pending loss of accreditation, said he is awaiting official notification from the school association and further details.

He said the loss of accreditation resulted, apparently, from an evaluation of the college last December by the association.

Findley said an appeal of the decision can be made within 30 days and that readmission is granted through such an appeal or by upgrading standards to meet accreditation standards.

The Ouachita National Forest, oldest and largest in the Southern region, contains more than a million and half acres and provides some of the most scenic spots and greatest recreational areas in the world.

The Federal government is the largest landowner in Arkansas with nearly three million acres.

Weather Delays Centaur Rocket

CAPE CANAVERAL, Fla. (AP)—Weather today forced at least a 24-hour delay in the attempt to launch the first Centaur high-energy rocket.

Heavy cloud cover and high winds in the Cape Canaveral area were responsible for the delay. Officials desire ideal weather conditions for the initial flight, which is intended to follow a brief 15-minute trajectory to check out rocket systems.

When operational in about two years, Centaur will be capable of lifting 4½-ton satellites into orbit or hurling large payloads to the Moon, Mars and Venus. Its second stage is the first rocket powered by powerful liquid hydrogen—which produces 40 per cent more thrust per pound than conventional chemical fuels.

A modified Atlas is the first stage.

JFK's Plan May Strike a Detour

WASHINGTON (AP)—President Kennedy's plans to streamline transportation on land, sea and air are likely to run into a slow detour.

The big roadblock is time. The proposals, submitted Thursday in a 10,000 word message to Congress, contained far-reaching suggestions requiring preliminary action by five House committees before they can come to a vote in the House.

Rep. Oren Harris, D-Ark., chairman of the House Interstate Commerce Committee, said there was a possibility his committee may act this year on the proposal dealing with rate reductions.

"But by no stretch of the imagination could you get it all this year," he added.

Rep. John B. Bennett of Michigan, top Republican on Harris' committee, said he saw no prospect for action of any kind this year. Bennett said he favored some of the President's proposals, especially those for cutting travel taxes and for putting rates on a more competitive basis.

But, he pointed out, Congress hopes to adjourn late in July or early August and it has many other major matters to consider. Chairman Warren G. Magnuson, D-Wash., promised that the Senate Interstate Commerce Committee would consider the proposals but said nothing about the likelihood of action this year.

Kennedy's transportation tax proposals could be the first facet of his complex program to be acted on in the House.

Democratic leaders were considering incorporating at least some of these into a bill extending Korean wartime excise taxes, which lacking congressional action would expire on July 1. The Ways and Means Committee's timetable called for quick action on this bill next month, so the House may consider it early in June.

Kennedy's recommendation for repeal of the 10 per cent tax on surface transportation tickets, and reducing the rate to 5 per cent on airline tickets, was expected to be well received. There was considerable pressure for similar reductions when the Korean taxes were extended last year.

UN Created in New York 17 Years Ago

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP)—It was 17 years ago that the United Nations was created in San Francisco. It's been a big disappointment to a lot of people. It shouldn't have been.

It's not perfect. It could get worse. It's still the only one of its kind. None better is in sight. It might improve.

And this week the Senate, despite all the griping and complaining by some members as it debated how to help the United Nations with American money, never even remotely considered pulling out.

At the start of the San Francisco conference, just as the war in Europe was ending, there was a sense of a new world being born.

Before the conference ended anyone able to recognize reality knew it was the same old world. There were several reasons but one is enough:

The United States and Russia, allies in the war ending, were not allies in the new world coming because they didn't trust each other. They didn't then and they haven't since.

Each, to protect itself, wanted to be able to veto the other in the Security Council which, starting out, was the main U.N. organ, dominated by the big powers.

The General Assembly was secondary. There each nation had one vote and no one had a veto. In the cold war years Russia used the veto so often in the council that the veto and the council both became absurdities.

After enough of this the United States led the way in upgrading the assembly, enabling it to recommend action which Russia, before, could have vetoed in the council.

The idealists, who thought in terms of an orderly and cooperative United Nations, overlooked something else in 1945. This was the possibility of profound changes through the addition of new nations.

At that, with a starting U.N. membership of 51, the world seemed fairly orderly. There was a limited number of nations on earth, a number which hasn't changed much in generations.

But the big European colonial powers, through impoverishment, had to disgorge themselves of their ancient colonies, which became new nations in swarms and flocked to the United Nations. Now it has 104 members.

These new nations can vote in blocs when it suits their common interests, which may not be American interests.

This in itself has caused some American frustration and disillusionment, particularly since this country pays such a big part of the U.N. freight.

It showed up vividly this week in efforts by individual senators to hamstring President Kennedy's request for approval to buy \$100 million worth of a \$200-million bond issue the United Nations is selling to pay expenses.

While the United Nations is not the ideal parliament of man, it is a little unpleasant to think of the world might be without it if only because so long as people are calling one another names they're not fighting.

On the very biggest issues—getting the United States and Russia to trust each other more than they did in 1945, stopping nuclear tests, or achieving disarmament—the United Nations has been a flop.

But it has done and is doing many things in many ways—for example, keeping peace in the Middle East and restoring it in the Congo—and so long as it exists there can be hope it will do more.

Coin Dry Cleaning Machine Study

LITTLE ROCK (AP)—Manufacturers and operators of coin-operated dry cleaning machines probably will appear before a State Board of Health Meeting May 1 to discuss proposed regulations on such machines, the state Health Department said today.

Dr. J. T. Herron, state health officer, said persons involved in coin-operated dry-cleaning establishments had suggested a number of changes in the proposed

Mrs. Bill Georges

Miss Carolyn Medders, daughter of Mr. and Mrs. Garland Medders, became the bride of Bill Georges, son of Mr. and Mrs. Sam B. Georges of Ft. Worth, Texas on Friday evening, March 23 in the Episcopal Church of Transfiguration in Richardson.

Father R. G. Flagg officiated at the double-ring ceremony. Traditional wedding marches were used and "O Perfect Love" was played softly by the organist during the exchange of vows.

The bride was given in marriage by her father. She wore a champagne silk shantung suit and her accessories were in tones of

the same color. The short, face-length tulle veil fell from a small champagne-colored satin frame. She carried a nosegay of pink rosebuds and white carnations with white satin streamers.

Mr. and Mrs. Nicholas Georges, brother and sister-in-law of the bridegroom, were the couple's only attendants.

A reception was given in the home of Mrs. Blanche Rush of Richardson, aunt of the bride, following the ceremony.

The couple are at home in Richardson at 104 South Gentle.

Readers Offer Experiences So Others May Profit

By HELEN WORDEN ERKINE

Dear Helen: My husband made a sportsman's widow out of me when we married. Our honeymoon occurred right in the middle of the hunting season. I sat in the hotel alone crying and getting madder by the minute while he was off shooting. I soon found that the only one who felt bad and got hurt was myself.

Now, if he will let me, I go with him. We'll soon be leaving on our first fishing trip. This summer I'm learning to shoot so that I can go deer hunting with him next fall. If he doesn't take me, I find little things to do around the house or go visiting. When he does come back, I'm so glad to see him I can hardly wait to hear his stories even though I don't give a darn about hunting or fishing. —C.E.C.

Dear Helen: I recently obtained a divorce after 13 years of marriage. It was a case of necessity rather than choice, if our three children were to be given any chance to develop into normal adults. Happily, I am accomplishing this with their help — all still sub-teens.

Like me, they lived for what seemed an eternity under tension and stress and, as a result, enjoy the blessed peace of mind which is now ours. Let me tell anyone contemplating divorce that it is far from easy and should be considered pro and con before the final step is taken. But, oh the relief, once the decision is made! Nothing will ever seem hard to me again. —A Fan of Yours

Dear Helen: Girls may be of legal age in some states at 18 but it doesn't follow that they are of age mentally. Believe me, half of them still don't know what it's all about, and for them to be free to marry is a crime against themselves and society.

The boys they marry are just as immature. Having interrupted their schooling, they lack the education necessary to hold down a paying job. Too, they are faced with a tour of duty in the Service. Meanwhile the girl either gets or is pregnant.

I wish a movie or televised story of the tragic consequences could be shown around the globe as a warning. Witness, as I often do, a city hospital clinic where pregnant young wives patiently wait their turn for examination.

As a rule their boy-husbands tag along, heads down, shoulders slumped in despair, ashamed as well they should be.

Once the baby comes, the mother parks it with some ill-qualified staffer and rushes desperately out in a frantic effort to find a job and help pay off the ever-increasing debts. If the young father baby sits, he must hurry home

regulations which were announced at last month's board of health meeting.

The board will reach a decision on the regulations at the May 1 meeting in Hot Springs.

Herron said manufacturers and owners claim there is no danger of explosion in the operation and fluids used in the cleaning process are not toxic.

School Menu Next Week

School menu for week of April 9 to 13:

Monday: Creamed chicken over rice, buttered peas and carrots, slaw with tomatoes, bread, butter, peach cobbler and milk.

Tuesday: Hamburger on bun, macaroni and cheese, mustard, onion, pickles fruit cup and milk.

Wednesday: Beef stew, green salad, South of the Border Corn bread, cake with fruit topping and milk.

Thursday: Turkey and dressing, giblet gravy, green beans, cranberry sauce, celery, cookies and milk.

Friday: Spaghetti with meat sauce, buttered peas, cabbage, apple salad, hot rolls, butter, chocolate cake, and milk.

Solid Food, Astronaut Advises

WASHINGTON (AP)—Astronaut John H. Glenn Jr. came out strong today for ham sandwiches for future orbiting spacemen.

He said his own experience indicated there's no need of restricted foods like applesauce.

Glenn made his sandwich suggestions as the National Aeronautics and Space Administration presented detailed reports on his triple orbit of the earth to an international gathering of more than 1,000 scientists. A few from Communist-bloc countries attended.

The space agency said examination of the records of the Marine lieutenant colonel's flight showed that it was "an unqualified success, a major milestone in the program for the manned exploration of space."

This was the first detailed scientific report on the mission, the man, and his capsule. But, except for details and amplification, it presented little that had not previously been disclosed by the space agency—and nothing new of a major nature.

If anyone had doubts about Glenn's health they now have the word of the space agency's top medical people that:

Before, during and after his orbital jaunt, everything was normal, including his heart—at least so far as all available tests could show.

The only detectable injury he suffered was a couple of skinned knuckles when he "blew" the escape hatch of his space capsule on the deck of the destroyer *Noa* that had retrieved the spacecraft from the sea.

Glenn himself reported that "probably the most solid jolt of the whole trip" was when his capsule swung against the starboard side of the *Noa* when it was being hoisted aboard by a lifeboat rigging.

Dr. William K. Douglas, until recently the chief flight surgeon for all the astronauts, summed up the whole medical picture by reporting:

"The preflight and postflight medical evaluations have revealed no adverse effect of 4½ hours of space flight per se."

Douglas did say it's possible that Glenn's flight was too short to produce detectable effects "or such effects have not yet become evident." But he also said it's also possible that "space flight has, indeed, no ill effect."

Here are some other observations from Glenn himself about the flight in general:

"He had no difficulty in eating applesauce sucked from a tube while in the weightless state "and I believe that any type of food (including ham sandwiches) can be eaten as long as it does not come apart easily or make crumbs."

"When you lie in a space capsule atop a mighty *Atlas* rocket waiting for takeoff—and you move back and forth on your capsule couch—you can feel the entire vehicle (including the rocket) moving very slightly."

Just before his capsule separated from the great rocket "I had the sensation of being out on the end of a springboard and could feel oscillating motions as if the nose of the launch vehicle was waving back and forth slightly." Glenn attributed this to the rocket becoming lighter, and thus more flexible, as it used up its fuel.

Jury Picked in 2nd Murder Trial

RUESELLVILLE (AP)—An all-male jury was seated in Pope County Circuit Court here today in the second trial of Ann Mayo, charged with second degree murder in the shotgun slaying of

Three cases of hard liquor were carted into a room provided at a senator's request for the party Wednesday night on occasion of Washington's cherry blossom festival, Morse said.

The drinking that took place was of such a nature it has caused considerable comment and an embarrassment to him. Morse said. He mentioned no names.

"CONVERTIBLE" DRESS — it features a removable overskirt that may be worn with the "petal" closing in the front or back. The red slim underskirt is topped by a scoop-neckline bodice. It's fashioned of handsome Estron acetate and silk.

THE "FEMALE LOOK" IS emerging smartly this season in silhouettes like this. Its brief, nipped-in jacket, over-the-shoulder scarf and bright spring color give impetus to the season's youthful animated look. The feminine look, points out eanne Bjryant, Dial research laboratory's fashion and beauty consultant, is further enhanced by details of ruffles, panels and flowing fullness.

GAY PINKS AND ORANGE print a pretty watercolor picture on the white background of this smart cardigan. Overblouse and skirt complete the colorful ensemble which provides a bright focal point for picture taking with this 12-oz. new, "Super 2" Brownie. What a pretty color print or color slide this costume will make!

W. A. Lloyd, 33.

Police say she shot Lloyd Oct. 5, 1960, with a 12 gauge shotgun when he tried to enter her mother's home near Latherville, on the line between Johnson and Pope Counties.

The first trial opened a year ago today, and was declared a mistrial after an ultimate jury report it could not reach a decision.

It was not learned what penalty the prosecution will ask, but last year the maximum—five to 21 years in prison—was sought.

The state's 18 electrical cooperatives provided service to more than 143,300 consumers over nearly 40,000 miles of distribution lines during 1961.

Automatic Shot If Space Pilot in Pain

WASHINGTON (AP)—If astronaut John H. Glenn Jr. had been hurt on his space flight, he could have given himself a pain-killing injection right through his flying suit.

Biomedical experts of the National Aeronautics and Space Administration reported this today during a detailed symposium on the Marine lieutenant colonel's three-orbit flight of last Feb. 20.

They disclosed that Glenn carried in his survival kit four newly developed "automatic self-injectors" stored in a small package. The injectors contained medications for pain, shock and motion sickness, and a stimulant.

One end of each injector was fitted with a red safety cap, and the other end contained the medication and needle.

Upon removal of a safety pin, the injector becomes armed.

The astronaut would have pressed the needle end of the injector into his two-ply aluminum pressure suit. The needle would have gone through the fabric and into the astronaut's skin, releasing the medication.

In tests of the technique "the resulting hole in the suit caused an insignificant suit leak," the NASA scientists reported.

Glenn did not use any of the injectors before, during or after the flight, however.

Maxwell Due to Die June 15

HOT SPRINGS (AP)—Circuit Judge P. E. Dobbs formally sentenced William Lee Maxwell to death in the electric chair June 15, 1962, here today.

Maxwell, 23, was convicted March 21 of raping a 35-year-old white woman in a baseball park a few blocks from her home last Nov. 23.

At the trial the woman testified that Maxwell attempted to hide his face under a silk stocking, but it fell off. Police said strands of his hair were found on a silk stocking near where the attack occurred, and said strands of silk similar to the type in the stocking were found in Maxwell's hair.

Before sentencing Maxwell, Judge Dobbs overruled an eight-page motion for a new trial filed by Maxwell's attorney, Christopher Mercer Jr. of Little Rock.

The motion is the first step in an appeal to the state Supreme Court. Mercer already has said he will appeal the decision.

Justice Collapses in His Office

WASHINGTON (AP)—Justice Felix Frankfurter, at 79 the oldest man on the Supreme Court bench, is in a Washington hospital after collapsing at his desk.

Frankfurter was taken to George Washington University Hospital by ambulance Thursday night. Frankfurter's secretary, Mrs. Elsie L. Douglas, said the justice was doing fine. The hospital described his condition as "very satisfactory" and said he was resting comfortably. Frankfurter is to undergo a series of tests.

Mrs. Douglas said the justice had not suffered a heart attack. He was treated at the hospital in 1959 for a heart disturbance.

LIGHT OF THE WORLD

Is The Lord Our God

not so
loud

Do you blow your horn too loudly? Are you too boisterous? Are you playing in good harmony with your fellows? Harmony is a fine word. It means a high order of team work. We modulate our voice, our instrument, so it becomes lost in the ensemble. We make music together. Everyone of us is playing the game of life. How terrifying if we are not performing under the baton of the True Leader. Then, let us not 'toot' our horn too loudly. We must not lose sight of the fact that we are playing with others and for others. An ardent disciple said to the Master, "I will follow Thee, wherever Thou goest." What a resolve! Let us be true disciples and follow our Master to church to worship God every week.

You In The Church
The Church In You
— form a combination
for good. Every man,
woman and child needs
the influence of the
church. So, come let us
go into the house of the
Lord. Let us support her
program of service to
humanity, be a faithful
worker and attend services
regularly.

WE NEED
GREATER CHURCHES
and a
GREATER FAITH
TO HELP US
